Homepage : www.sucofindo.co.id
Contact Person : - Ade Haerudin (Senior Manager MBD)
- Diding Sudira (Coal Manager)
- I Wayan Wahyu (Mineral Manager)

❑ Overview

SUCOFINDO SBU Mineral is a leading provider of coal quality related services for Indonesian. Coal industries, now its services are going worldwide both in quality and weight certification. We have had an extensive network of branches throughout Indonesia to serve the coal, industrial mining industry since early 1970's.

SUCOFINDO provides quality and quantity certification of coal shipments. Presently, the service has been extended to exploration sample analysis, core testing, plant audits, wash ability tests, production quality control, coal quality consulting and training.

SUCOFINDO has a network of dedicated coal laboratories at mine terminals, and major ports adjacent to the users' facilities. The use of equipment and methods of testing analysis meet the international standards Full use of inter-laboratory proficiency testing is made with both local and international to monitor its performance. This is the requirement for Good Laboratory Practice incompliance with ISO 17025. Several coal laboratories already accredited by the National laboratory Accreditation Body (KAN).

❑ Vision

To be the customer's preferred independent organization for minerals inspection, supervision, assessment and testing.

❑ Mission

- To provided customers comprehensive and efficient services that are value for the money.
- The put quality of services as a priority.
- To implement continuous improvement and innovation as a basis to achieve customer's satisfaction
- To develop and nurture our human resources to become professional in dealing with ever-changing and dynamic market demands.
- To apply appropriate technology to support and speed up all our activities and increase efficiency and productivity.
- Maintain conducive partnership with suppliers.

PT Supra Awali

Address : Jl. Gunung Sahari 75
Jakarta Pusat 10610
Phone : +62-21-4207148-49
Fax : +62-21-4257782
Email : supraawali@dnet.net.id
Contact Person : - Wahyudi Masman (Director)
- Harsongko (Sales Manager)

❑ Overview

PT Supra Awali was established in November 11, 1981 as a national trading and engineering company, with the line of business as follows:

- Instrument: Temperatures, Flow, Pressure, PLC
- Equipment: Vibration Test Systems, Calibration, Furnace Calibration Bath, Pressure Calibrator, Pipe, Flange & Fittings, Valves, Universal Length Measuring Machines, Laboratory Test Equipment, Oil Purification System, Vacuum Suction System.
- Coating: Ceramic coating, Rust Converter, High Temperature.

❑ Product & Service

We assemble Temperature Sensors such as Thermocouples & RTD.

Our company represent as follows:

- Flexible Ceramic Coating CERAM-KOTE from USA. Food grade high abrasion resistance, high corrosion resistance flexible, high adhesion, class 1 fire & smoke rating coating which application on drilling pipes, line pipes, riser guide tube, surface drilling equipments, blow out preventers, fuel tanks, ballast tanks, valves, platform jackets, platform heliports, boat landings, cable riser, pump risers, sea water intakes, structure of belt conveyor, pump casing & impeller, etc.
- RUST-EX21 Water base Rust Converter to stop rust and corrosion. Hypercote : Waterbased top coat after applying RUST-EX21. Suitable for drinking water tank, safe for food.
- IMV Corporation, Japan. Vibration Meters, Vibration Analyzers, Balancers, Vibration Monitoring System for rotating machineries, Test Vibration System such as Vibration Shakers for quality test system for electronics industries such as TV, DVD, Video, etc.
- Seismograph & Seismic Monitoring System to monitor and vibration created by piling works, earthquake, etc.

❑ Customer

PT Krakatau Steels, other steel mills, PT Indorama Synthetics, Amoco Mitsui, PT Chandra Asri, PT PENI, PT Petrokimia Gresik, Oil Production Sharing Constructors such as: CNOOC, Unocal, TOTAL, Chevron Texaco Indonesia, EMP, Star Energy, Santos Pty Ltd, Kodeco, BP, Amerada Hess, etc.
