Overview

PT. Bumi Asia Prima Pratama (BAPP) is one of private local companies in Indonesia in the sector of Oil Products (BBM) Trade. The licenses that we have obtained after the evaluation process and official procedures in each of the relevant institution are the BBM Trade Business Licenses issued by the Department of Energy and Mineral Resources through the Decree of the Director General of Oil and Gas.

The types and trademarks of BBM traded by BAPP consist of the following: Fuel Oil: BAPP Fuel Oil, Diesel Oil: BAPP Gas Oil, Kerosene: BAPP Kerosene, Gasoline RON 88: BAPP Gasoline (Prima), Gasoline RON 92: BAPP Gasoline (Supra), Gasoline RON 95: BAPP Gasoline (Ultra), Avtur: BAPP Avtur. BAPP has also commenced in the procurement of Oil and Gas products, which will be traded by establishing partnership and obtaining full support from several international oil companies.

Product and Service

With all our preparations mentioned above, and with the support from experts with experiences in Oil and Gas Trade, Logistic, Transportation and Distribution that we currently have, BAPP is ready to participate in BBM trading business in Indonesia with high standards and under the following priorities:

Supply Continuity Guarantee, "On Time Delivery", Better product quality, Competitive price, Reliable Logistic. Currently BAPP has traded for Fuel Oil and Gas Oil.

Overview

PT. Elnusa Petrofin established in 1996 in the purpose of handling the distribution flow of PT Pertamina's Premix and Super TT Special Gasoline that was managed by one of PT Pertamina divisions, Patra Niaga F&C (Fuel & Chemical). At present, PT Elnusa Petrofin has expanded the size of their business by providing more line of services, which cover the area of oil and gas supply, oil and gas storage, oil and gas transportation, oil and gas retail products, special gasoline, lubricants and fuel additives. PT Elnusa Petrofin is now holding the Government License issued by the Indonesian Directorate General Oil and Gas. It is a permit for PT Elnusa Petrofin to operate as a wholesaler in Oil and Gas Industry. The license also gives PT Elnusa Petrofin full rights to import, produce, market, distribute, and sell any forms of oil and gas through its official outlets that are functioning as the company sales points.

Product and Service

Wholesaler - PT Elnusa Petrofin hold the license issued by the Directorate General of Oil and Natural Gas of Indonesia's Department of Energy and Natural Resources to operate as a wholesaler. PT Elnusa Petrofin is maintaining: Fuel Station Management (available in Jakarta, Depok, Tambun, Bogor, Cirebon, and Surabaya); Storage Services in Plumpang, Cikampek, UKMB Cilincing, and Semper (LK3 Certificate, Health Safety & Environmental Certificate, etc); Fuel Blending Installation and many more; Oil transportation in several areas, such as: Semper, Camplong, Malang, Banyuwangi, Bali, Balikpapan, Medan, Banjarmasin, Samarinda dan Dumai, Tegal and Pengapon.

PT Elnusa Petrofin has managed to form further expansion on their business lines by providing other additional products and services such as:

Special Gasoline - it is a fuel with special formula for high performance according to customer request, such as fuel used for racing car etc

Powerfuel - it is an additive used for all kind of fuel (gasoline, solar, kerosene, avtur, etc) with high concentrate

Musicool - it is a refrigerant using natural hydrocarbon as its base ingredient which is environmental friendly

Baker Petrolite - PT Elnusa Petrofin is an exclusive distributor and sole agent of Baker Petrolite Products which provides a complete line of high quality chemicals with on-site service to enhance oil and gas production in all types of wells and production systems

Transportation - Trucks for transporting fuel from storage to fuel stations
